

CO₂ REUSE SUMMIT

16-17 May 2018, Zurich

Developing carbon dioxide utilization technologies

Moving towards sustainability with CCU

LCA & TEA of utilization projects

Regulatory and policy framework

CO₂ to fuels, chemicals, building materials, polymers, greenhouses

Artificial photosynthesis

Power to X projects

Latest technological advancements in CO₂ conversion

Process integration

Commercialization – opportunities, challenges, funding, partnerships

Registration and more information : www.reuseco2.com

Contact person : Peter Baziuk, +48 61 250 43 50, p.baziuk@cogitongroup.com

CO₂ REUSE SUMMIT

16-17 May 2018, Zurich

The world is constantly looking for pathways to sustainable future. One of the biggest issues are increasing CO₂ emissions, which are causing the global warming. Scientists from around the globe developed several technologies enabling us to turn carbon dioxide into useful products like fuels, building materials, chemicals or polymers. However CO₂ utilization projects still require further research, industry collaboration, funding or policy changes in order to become feasible and well established on the market.

CO₂ Reuse Summit, taking place on 16th-17th May 2018 in Zurich, will bring together major stakeholders from the industry to highlight latest developments related to carbon utilization. We will discuss key challenges and opportunities when it comes to technology, economics or regulations. We invite you to join your peers for 2 days of interactive presentations, case studies and networking sessions in order to build a decarbonized society.

Speaking Opportunities

If you would like to be considered as a speaker, please send the abstract of your presentation to speakers@cogitongroup.com or call us on +48 61 250 43 50

Sponsorship Opportunities

If you would like to become a sponsor and learn more about available sponsorship packages, please contact us on sponsors@cogitongroup.com or +48 61 250 43 50

CO2 Reuse Summit

Zurich, Switzerland
16th – 17th May 2018

Day One – 16th May

08:00 Registration & coffee

09:00 Welcoming message and opening comments from the Chairman

09:15 **Session one: Regulatory and policy framework**

- Different policy scenarios
- Policy requirements to scale up CO2 conversion
- Policy impact on particular sectors
- H2020 Programme and CO2 conversion projects

11:00 **Networking snacks and coffee**

11:30 **Session two: CO2 utilization projects – case studies**

- CO2 to fuels

13:00 **Networking lunch**

14:15 **Session two: CO2 utilization projects – case studies**

- CO2 and microalgae production
- CO2 to building materials

15:15 **Networking snacks and coffee**

15:45 **Session two: CO2 utilization projects – case studies**

- CO2 to chemicals
- CO2 to polymers

17:15 **Session three – CO2 conversion commercialization (panel discussion)**

- Opportunities
- Challenges
- Funding
- Partnerships

18:00 **Closing remarks & end of day one**

CO2 Reuse Summit

Zurich, Switzerland
16th – 17th May 2018

Day Two – 17th May

08:30	Registration & coffee
09:00	Welcoming message and opening comments from the Chairman
09:15	Session four: Moving towards sustainability with CCU <ul style="list-style-type: none">• CO2 and global warming• Role of CO2 utilization in achieving sustainable future• Decarbonization of particular sectors
11:00	Networking snacks and coffee
11:30	Session five: LCA & TEA of utilization projects <ul style="list-style-type: none">• LCA & TEA of different sectors• Project feasibility analysis• Methodology guidelines
13:00	Networking lunch
14:15	Session six: Electrochemical reduction <ul style="list-style-type: none">• Electrolysis and high value products• Power-to-X projects• Chemical energy storage• Using renewable Energy and process integration
15:45	Networking snacks and coffee
16:15	Solution provider presentation
16:45	Closing remarks & end of day two
