

Symposium „WE, PLASTICS and MACHINES“

10th and 11th November 2015

Hotel Tři Věžičky, Stráž u Jihlavy

10th November 2015, Tuesday

- 10.00 – 11.00 Greeting and accommodation of guests, handover of studying materials
Accommodation in hotel Tři Věžičky
Coffee break (coffee, tea, non-alcoholic beverages, pastries, sandwiches)
- 11.00 – 11.10 **Symposium opening**
Ing. Petr Betáš, 1.PLASTCOMPANY
Ing. Petr Zelenka, ing. Aleš Hlavička, RADKA
Ing. Michal Valíček jr., VALPLAST CZ/SK
- 11.10 – 11.35 **1.PLASTCOMPANY**
25 years of experience
Brief introduction of the company and its possibilities
Ing. Dionýz Nagy, CSc., 1.PLASTCOMPANY, Executive Head
- 11.35 – 12.00 **RADKA**
Actual product portfolio (What you still don't know about us!)
Ing. Petr Zelenka, RADKA spol. s r.o., Executive Head
- 12.00 – 12.25 **VALPLAST**
Expert in bulk supplies of plastics and additives to plastics
Ing. Michal Valíček jr., VALPLAST CZ/SK, Executive Head
- 12.25 – 13.00 **MOVACOLOR**
Concept of optimal homogenisation and accurate adding of plastics, additives and recycle into processing machines
Ing. Michal Mihalík, PhD., 1.PLASTCOMPANY
Thorsten Schulz, MOVACOLOR
- 13.00 – 14.00 Lunch, accommodation of other guests
- 14.00 – 14.30 Coffee break in congress hall
Presentation of machines Dr. BOY, S.I.S.E., MOVACOLOR, WANNER, and others

SECTION A

Machinery-technological equipment for processing and recycling of plastics Congress hall

- 14.30 – 14.55 **Dr.BOY**
Microinjection, separate units for multicomponent injection,
3D print of moulds for production in small series
Andreas Janzen, Dr. BOY
- 14.55 – 15.20 **WEIMA**
Shredder: Solution for recycling of large parts
Patrick Henzler, WEIMA
- 15.20 – 15.45 **WANNER**
Small and middle granulators for inline recycling, closed recycling circuit
Thomas Musikant, WANNER
- 15.45 – 16.10 **BILLION**
Technology of multicomponent injection, completion of the product in the mould,
sophisticated process solutions
Frédéric Faillet, BILLION
- 16.10 – 16.35 **PLASTIBLOW: Extrusion Blow Moulding**
Fully electric extrusion machinery-technological equipment for production of hollow
bins from 1 to 30 litres
Mario Rossi, Plastiblow
- 16.35 – 17.00 **Universal Robots**
Small 6-axis robots and their application in the area of plastics injection
Ing. Michal Mihalík, PhD., 1.PLASTCOMPANY
- 17.00 – 19.00 Separate technical and business negotiations, presentation of exhibited machines,
presentation of Dr. BOY injection machines, discussion.

SECTION B

Raw materials, additives and engineering plastics Hall No. 5

- 14.30 – 14.55 **RADKA**
European plastics industry – trends and challenges
Ing. Aleš Hlavička, Radka Pardubice, a.s.
- 14.55 – 15.20 **Granic, Ciclic: Presentation of company GCR Group, Spain**
Compounds a masterbatches
Ing. Michal Valíček, jr., VALPLAST SK

- 15.20 – 15.45 **RADKA**
New trends in applications of constructive thermoplastics
Ing. Aleš Hlavička, Radka Pardubice, a.s.
- 15.45 – 16.10 **VYNOVA, INOVYN**
Prestigious producers of suspension PVC
Ing. Josef Lippay, VALPLAST CZ
- 16.10 – 16.35 **SUMIKA Polymer Compounds S.A.**
Glass fibres reinforced polypropylens for challenging applications
Ing. David Horák, Radka spol. s r.o. Pardubice
- 16.35 – 17.00 **BRALEN +**
New production of LDPE in company Slovnaft, a.s. in Bratislava
Ing. Michal Valíček jr., VALPLAST SK
- 17.00 – 19.00 Separate technical and business negotiations
- 19.30 – 24.00 Dinner, gipsy music band
- Another amusement possibilities: bowling, massages, whirlpool, laser shooting-range, beer spa and other.

11th november 2015, Wednesday

- 7.30 – 9.00 Breakfast
- SECTION A**
Machinery-technological equipment for processing and recylation of plastics
Congress hall
- 9.00 – 9.25 **S.I.S.E.**
Mould tempering, hot runner controlling, sequenital injection controlling, production monitoring
Razvan Marinescu, S.I.S.E., Francie
- 9.25 – 9.50 **EUROCHILLER**
Industry chillers of all types and their application
Francesco Facchinetti, EUROCHILLER, Itálie
- 9.50 – 10.15 **GERCO Kunststofftechnik GmbH**
Simple drying of hygroscopic materials including transport of materials to injection machines
Dieter Kochmann, GERCO Kunststofftechnik GmbH, Německo

- 10.15 – 10.45 Coffee break
- 10.45 – 11.10 **MOVACOLOR**
Controlled gravimetric and volumetric dosing of colours, additives and masterbatches, recyclates and other materials
Thorsten Schulz, MOVACOLOR
- 11.10 – 11.35 **MB Conveyors**
Conveyors and transportation of produced parts
Ing. Jana Rajnáková, 1.PLASTCOMPANY
- 11.35 – 12.00 **Service**
Important part of sale of machinery-technological equipment
Service department possibilities 1.PLASTCOMPANY, spol. s r.o.
Petr Toman, 1.PLASTCOMPANY, Head of Service department

SECTION B

Raw materials, additives and engineering plastics

Hall No. 5

- 9.00 – 9.25 **ELIX Polymers S.L.**
ELIX ABS – new generation of thermopolymers ABS with enhanced thermal resistance
Ing. Jan Kobes, Radka spol. s r.o. Pardubice
- 9.25 – 9.50 **BRALEN +, TATREN**
Actual portfolio of polyolefins from Slovnaft Bratislava
Ing. Michal Valíček jr., VALPLAST SK
- 9.50 – 10.15 **TIPOLEN, TIPPLEN, TIPELIN**
Actual portfolio of polyolefins from Hungarian company TVK including the latest news
Ing. Eva Kolářová, VALPLAST CZ
- 10.15 – 10.45 Coffee break
- 10.45 – 11.10 **HCA**
World of colours, pigments and masterbatches for plastics processing, actual news and trends
István Koleszár, Technical Sales, HOLLAND COLOURS Europe, BV
- 11.10 – 11.35 **ASÚA, KELIREN, PIOTROWICE, EURO CERAS, BORYSZEW**
Additives to PVC
Ing. Josef Lippay, VALPLAST CZ

- 11.35 – 12.00 **GCR Group**
Effective use of Granic products in injection, extrusion of hollow bins and films from regranulates, use in extrusion of various types of hoses and corrugated pipes
Ing. Eva Kolářová, VALPLAST CZ
- 12.00 – 12.05 Informal finish of the Symposium, thanks for participation
- 12.05 – 13.00 Lunch, departure of participants
