

FORM s.r.o.

COMPOSITE PARTS

PRODUCTION:

- plastic parts reinforced with fibreglass
- products made of prepregs (preimpregnated composites)
- paint coated surfaces

Headquarters:
Production plant:

Horní Lideč 293, 756 12 Horní Lideč, Czech Republic
Střelná 220, 756 12 Horní Lideč
Tel.: +420 571 447 575, +420 571 447 616
Fax: +420 571 447 277, +420 571 447 426
e-mail: form@form-composite.com
web: www.form-composite.com

Products composition:

- **polymer resins**
 - polyester
 - vinylester
 - epoxy
- **reinforcement**
 - glass fibres
 - carbon fibres
 - aramid fibres
- **sandwich core**
 - foam (PET, PVC, PUR, PMI)
 - honeycomb (paper, aluminium)
 - wood
- **prepregs**
 - epoxy
 - phenolic

Technology:

- hand-lay up (manual processing)
- RTM (injection of resin into closed moulds)
- vacuum infusion

Certificates:

- QMS
- Fire protection
- Welding
- Bonding
